Overall Length:

24.600 inches

Overall Height:

8.600 inches

Overall Width:

19.700 inches

End Application:

4930-01-517-7009 fuel system, supply point

Special Features:

High performance resin shell

Shape:

Rectangular

Supplementary Features:

Vortex valve automatic regulation for changing environments.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
