Overall Length:

14.200 inches

Overall Height:

6.500 inches

Overall Width:

11.400 inches

End Application:

Predator

Window:

Not included

Product Name:

Case fuel nozzle

Special Features:

Material is hpx high performance polypropylene resin; has 2 press and pull latches that won't pop when dropped; double layered soft grip handle; 2 paddlock hasps; vortex valve; flush powerful hinges; watertight; weighs 4.2 pounds empty; comes with a custom foam insert

Material:

Plastic, polycarbonate

Material:

Plastic polycarbonate

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
