Overall Length:

29.060 inches

Overall Height:

35.480 inches

Overall Width:

27.000 inches

End Application:

6625-01-513-6372, an/psm-105 program set

Product Name:

Shipping and storage container, electronic equipment

Special Features:

Contains pressure relief valve; inside base height 26.670 in ; inside lid height 5.060 in ; oper temp minus 40 degrees c to 71 degrees c; altitude tolerance 15000 ft; humidity tolerance 95 percent non-condensing iaw mil-std-810; sand and dust tolerance iaw mil-std-810e, method 510; case color olive drab; handles material ss, black, with rubber grip

Material:

Plastic, polystyrene and steel and rubber

Material:

Plastic polystyrene and steel and rubber

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
