Overall Length:
29.060 inches
Overall Height:
35.480 inches
Overall Width:
27.000 inches
End Application:
6625-01-513-6372, an/psm-105 program set
Product Name:
Shipping and storage container, electronic equipment
Special Features:
Conains pressure relief valve; inside base height 26.670 in ; inside lid height 5.060 in ; oper temp minus 40 degrees c to 71 degrees c
altitude tolerance 15000 ft; humidtiy tolerance 95 percent non-condensing iaw mil-std-810; sand and dust tolerance iaw mil-std-810e,
method 510; case color olive drab; handles material ss, black, with rubber grip
Material:
Plastic, polystyrene and steel and rubber
Material:
Plastic polystyrene and steel and rubber
Shape:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T358-e
