Voltage In Volts And Current Type:

12.0 dc or 110.0 ac

Product Name:

Case temperature control clima tech desert tan

Special Features:

Thermoelectric; contains no refrigerant gases; requires no calibration; automatically maintains set temperature +/- 1 degree; interior dimensions: 14 x 13 x 6 in; will cool or heat up to 3 hours on battery power; maintains 50 degrees off ambient temperature; 12 volt vehicle power or 110 v with optional power supply; retractable extension handle; polyurethane wheels; battery compartment can hold two batteries; automatically switches to battery power when removed from vehicle; external digital temperature display

Color:

Tan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
