Overall Length:

33.624 inches

Overall Height:

17.0 inches

Overall Width:

31.624 inches

Window:

Not included

Special Features:

For line shaft bearings within main engineering space; machalt 674 applies

Material:

Steel, corrosion resisting

Material:

Stainless steel

Shape:

Rectangular

Supplementary Features:

5-sided box with detached lid held on by 8 latching hooks (2 on each side of box); lik gasket and bottom cover are 1/8 inch neoprene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
