Overall Length:

100.56 inches

Overall Height:

61.35 inches

Overall Width:

50.66 inches

Mounting Surface Plane:

Parallel

End Application:

F-15 eagle

Storage/shipment Condition:

Hermetically sealed

Product Name:

Shipping and storage container, aircraft structural components, cnu-723/e

Special Features:

Has dessicant port; cradle assembly, cover assembly; base assembly; cover weighs 363 pounds; marked with reusable container, do not destroy and do not drop; caution release pressure before opening container

Quantity:

1

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
