Overall Length:

8.12 inches

Overall Height:

3.56 inches

Overall Width:

6.56 inches

Storage/shipment Condition:

Hermetically sealed

Window:

Not included

Accommodated Equipment Identifying Number:

Pem-dpc-001-0143 part no.

Product Name:

Spare parts kit, jetboots diver propulsion system v4

Special Features:

Has pressure equalization valve, water tight o-ring seal; temperature range -40 to +99 degrees centigrade

Material:

Aluminum

Surface Treatment:

Anodize

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
