Crrc wet bow bag

## **Special Features:**

Size to fit 4.7 meter inflatable. The p3m wet bow bag provides a durableand versatile storage solution for military inflatable boats. Made of heavy-dduty "trampoline" type material for rapid drainage and fitted with a large molle array, the wet bow bag can store multiple dry bags chosen for mission specific needs. During wet conditions, the wet bow bag allows for access to only those items needed from a specific dry bag, keeping unneeded gear dry.
