Width:

5.000 inches

Product Name:

Flexible duct connector

Special Features:

Glass fabric double coated with neoprene. The basic fiber shall be non combustible and coating fire resistant. The fabric shall be water proof, air tight, resistant to acids, alkalies, gasoline and grease.

Fiber Material:

Glass basic

Length:

1.563 yards

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21600
