Width:

45.000 inches

Coating Substance:

Plastic, vinyl one side

Special Features:

Perforated pattern no.3; grain no.9; weight 0.0447 lb/sqft

Fiber Material:

Nylon cloth warp

Fiber Material Specification:

V-t-295 size b3, cli, tyi, grade b federal standard single material response basic

Color:

Beige both sides

Length:

110.000 yards

Purchase Description Identification:

21213-jnq91/3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21600
