Width:

36.000 inches

Special Features:

Wstainless steel wire reinforced; fluoroelastomer coated; constant op temp 400 degrees f; fire resistant; woven/texturized glass yarn; flexible; resistant to vibration; oil; and solvents; 0.057 in thick; 36.000 in wide; roll size 50 yd

Fsc Application Data:

Used on ct-114 tutor aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21600
