Width:

52.000 inches

Thickness:

Between 0.1800 inches and 0.2500 inches

Environmental Protection:

Corrosion resistant and flame resistant and oil resistant

Cloth Weight:

11.000 ounces per square yard

Coating Substance:

Neoprene both sides

Product Name:

Cloth, nylon

Fiber Material:

Nylon basic

Color:

Green both sides

Specification Data:

26512-gc110ed manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21600
