Trade Designation:

12/ds

Product Name:

Aertrim 12ds; polyvinyl chloride/nylon; pvc/nylon; plastic coated fabric

Special Features:

Softening point greater than 250 degrees f; densi type 1.3-1.5 g/cc; pct volatiles by weight none; appearance rolls or sheets; auto-ignition temperature greater than 400 degrees f; extinguishing media dry chemical, foam, water fog or spray; special fire fighting procedures for significant fires wear protective equipment and niosh approved self contained breathing apparatus; unusual fire and explosive hazards when forced to burn, combustion products may contain carbon monoxide, carbon dioxide and halogen acid gases and smoke; hazardous combustion or decombustion products halogen acid gases, organic acids and esters, hydrocarbon fragments and cyanide compounds

Fiber Material:

Plastic vinyl chloride cloth warp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21600
