View Online at https://aerobasegroup.com/nsn/8340-01-537-8740

## **Special Features:**

**Shelf Life:** 

T152-b

Bootwall system, green, tmss, 1xbi framed boot includes one side connection to a medium and/ or large tmss end cap, side door and sicps (soldier integrated command post system) the other ends is open to accept a specific booting collar (separate part). The interior end cap and side door connector is also included in a separate bag. The tmss design will allow 2 tmss bootwall systems to be connected to each other to form a large area between two shelters (j to j or mx to mx)
