Diameter:

1.250 inches

Length:

20.000 inches

Position Designation:

Intermediate

Product Name:

Cage: strut, assembly, riser, j

Special Features:

Tubular with metal tab at each end (perpendicular to diameter of tube); each tab has one hole for screw

Supplementary Features:

End item: j series shelter; army; nha: sy101-0002g or sy-1010002t0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T152-d
