Environmental Protection:

Fire resistant

Design Designation:

Us air force

Fly:

24.000 inches

Hoist:

3.000 inches

Special Features:

Rubber chloroprene coated; legend, remove before flight; nameplate reflecting left hand weapons bay side door retaining device application, part no. C31sme10520-51

Fiber Material:

Nylon

Color:

Red, federal standard 595, 11136 both sides

Style Designator:

Rectangular

Reference Number Differentiating Characteristics:

As differentiated by size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A40400
