**Environmental Protection:**

Fire resistant

**Garment Size:**

Large regular

**Garment Collar Type:**

Wing

**Special Features:**

Liquid, vapor and aerosol protect low bulk and heat stress, launderabledurable, versatile, thickness 0.06 inches, air permeability 18 cfm/ft<sup>2</sup>, bursting strength 60 lbs, md/xd recoverable, stretch 25 % min, tabular abrasion face 700 min cycles to failure

**Fiber Material:**

Aramid main body and cotton main body and nylon main body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A21500
