Garment Size:

Large regular

User Designator:

Man

Product Name:

Chemical protective overgarment

Special Features:

Liquid, vapor and aerosol protect low bulk and heat stress, launderabledurable, versatile, thickness 0.06 inches, air permeability type 18 cfm/ft², bursting strength 60 lbs, md/xd recoverable, stretch 25 % min, tabor abrasion face 700 min cycles to failure

Fiber Material:

Aramid and cotton and nylon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A249a0
