Environmental Protection:

Abrasion resistant

Garment Size:

Cadet-large

Cuff Type:

Safety

Special Features:

Back outer shell stands up to abrasion, and is strong enough for any fire fighting task; densely packed fibers minimize water absorption, and the leather does not become slippery when wet; provides high breathability, high resistance, high temperature stability, high abrasion resistance, continuous moisture barrier protection and fast glove drying; traps air thermal protection without traditional bulk

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
