**Environmental Protection:**

Abrasion resistant

**Garment Size:**

Cadet-large

**Cuff Type:**

Safety

**Special Features:**

Back outer shell stands up to abrasion, and is strong enough for any fire fighting task; densely packed fibers minimize water absorption, and the leather does not become slippery when wet; provides high breathability, high resistance, high temperature stability, high abrasion resistance, continuous moisture barrier protection and fast glove drying; traps air thermal protection without traditional bulk

**Color:**

Black

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A41000
