Product Name:

Collapsible water bag

Special Features:

Collapsible water bag will allow the marines to carry water in a durable backpack style bag while maintaining water quality unlike the current 5 gallon water container; physically robust, lighter and less bulky with improved pouring/filling capabilities and has an effective capsealing feature that prevents dirt from hindering the seal and water contamination thus making the bag easier to sanitize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11100
