Composition And Percentage:

99.995 by volume helium

Product Name:

Propellant pressurizing agent, helium

Special Features:

Related nsn's are 9135-00-142-9362 and 9135-01-039-4366; however new item of supply represents a different unit of issue

Specification Or Standard:

A grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
