**Product Name:**

Liquid methane propellant

**Special Features:**

Composition: methane percentage by volume: 98.70% ; water ppm by volume: 1 ; oxygen ppm by volume: 1 ; nitrogen ppm by volume: 5000 max; carbon dioxide ppm by volume: 3000 max; special model nsn: 9135012398066; purity: 98.70%; physical state: liquid gas;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
