## NSN 9135-01-628-1126

Methane Propellant - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9135-01-628-1126

## Product Name:

Liquid methane propellant

## **Special Features:**

Composition: methane percentage by volume: 98.70%; water ppm by volume: 1; oxygen ppm by volume: 1; nitrogen ppm by volume: 5000 max; carbon dioxide ppm by volume: 3000 max; special model nsn: 9135012398066; purity: 98.70%; physical state: liquid gas; **Shelf Life:** 

N/a

Unit Of Measure:

---

Demilitarization:

No
