Lubricity At 6 Designator Deg Centigrade:

520.0 micrometers

Minimum Cetane Classification Number:

40

Fuel Grade Classification:

Diesel, low sulfur

Viscosity At Rated Temp:

1.90 40 degrees celsius and 4.10 40 degrees celsius

Minimum Flash Point And Test Method:

52.0 degrees celsius pensky-martens closed cup

Special Features:

This diesel product is undyed and taxed fuel; max sulphur % by weight 0.0015;

Specification Or Standard:

Ds2 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A090a0
