Lubricity At 6 Designator Deg Centigrade:

520.0 micrometers

Minimum Cetane Classification Number:

40

Fuel Grade Classification:

Diesel, low sulfur

Viscosity At Rated Temp:

1.30 40 degrees celsius and 2.40 40 degrees celsius

Minimum Flash Point And Test Method:

38.0 degrees celsius pensky-martens closed cup

Special Features:

This diesel product is undyed and taxed fuel; maximum sulphur content % by weight is 0.0015;

Specification Or Standard:

Ds1 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A090a0
