Maximum Operating Temp:

500.0 degrees fahrenheit

Physical Form:

Stick

Basic Ingredient:

Any acceptable

Service Characteristics:

Gasoline-fuel oil resistive and petroleum solvents resistive and salt water resistant and tar-pitch-asphalt and water resistant

Effective Temperature Range Rating:

-10.0/+500.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
