End Application:

Miscellaneous supplies and materials (asn 014-o-3)

Fatty Material Type:

Any acceptable

Service Characteristics:

Corrosion resistive and oxidation resistant

Quantity Within Each Unit Package:

2.000 ounces, avoirdupois

Viscosity At Rated Temp:

12.50 100 degrees fahrenheit and 15.00 70 degrees fahrenheit

Maximum Pour Point:

-80.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
