Maximum Operating Temp:

500.0 degrees fahrenheit

Basic Ingredient:

Graphite and silicone

Quantity Within Each Unit Package:

1.000 pounds

Graphite Percentage:

30.0

Effective Temperature Range Rating:

-10.0/+140.0 degrees fahrenheit

Special Features:

3 grades, soft, medium and hard; must have an operating temperature of minus 10 degrees to plus 140 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
