Basic Ingredient:

Mineral oil-sulfurized

Minimum Viscosity Index:

90.0

Service Characteristics:

Extreme pressure and oiliness

Quantity Within Each Unit Package:

1.000 gallons

Viscosity At Rated Temp:

29.80 100 degrees fahrenheit and 34.20 100 degrees fahrenheit

Maximum Pour Point:

25.0 degrees fahrenheit

Reference Number Differentiating Characteristics:

As differentiated by packaging requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
