Basic Ingredient:

Silicone

Quantity Within Each Unit Package:

1.000 pounds

Viscosity At Rated Temp:

12000.00 77 degrees fahrenheit

Reference Number Differentiating Characteristics:

As differentiated by viscosity at rated temperature, quantity within each unit package and unit package type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
