**Basic Ingredient:**

Additives and mineral oil

**Service Characteristics:**

Any acceptable

**Quantity Within Each Unit Package:**

1.000 gallons

**Viscosity At Rated Temp:**

7.00 210 degrees fahrenheit

**Maximum Pour Point:**

-40.0 degrees celsius

**Minimum Flash Point And Test Method:**

175.0 degrees celsius cleveland open cup

**Color:**

Red

**Supplementary Features:**

For use in ford transmissions

**Specification Data:**

23040-esw--2c33-f manufacturers specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A41600
