Service Characteristics:

Corrosion resistive and oxidation resistant

Quantity Within Each Unit Package:

5.000 gallons

Viscosity At Rated Temp:

50.00 210 degrees fahrenheit and 350.00 100 degrees fahrenheit

Special Features:

flash point 350.0 degrees fahrenheit

Color:

Amber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
