Physical Form:

Any acceptable

Unit Package Type:

Tube

Basic Ingredient:

Petroleum type

Service Characteristics:

Not rated

Quantity Within Each Unit Package:

1.000 ounces, fluid

Melting Point Temperature Rating:

109.4 degrees fahrenheit

Minimum Dropping Point:

Any acceptable

Effective Temperature Range Rating:

Not rated

Vapor Pressure Maximum Temperature Rating:

392.0 degrees fahrenheit

Special Features:

Max.Vapor pressure 10.3 mm mercury at 392 deg.F

Reference Number Differentiating Characteristics:

As differentiated by the qty.Within each unit pkg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
