Maximum Operating Temp:

130.0 degrees fahrenheit

Physical Form:

Stick

Basic Ingredient:

Specially blended waxes, mineral oil and film strength additives

Service Characteristics:

Corrosion resistive

Melting Point Temperature Rating:

150.0 degrees fahrenheit

Diameter:

0.500 inches

Special Features:

24 sticks per box

Length:

4.500 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
