Basic Ingredient:

Gelling agent and silicone fluid and synthetic base

Service Characteristics:

Corrosion resistive and low evaporation and oxidation resistant

Grease Type:

Silicone

Minimum Dropping Point:

325.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600

Mil-std (military Standard):

Mil-g-4343 spec.
