**Basic Ingredient:**

Silicone fluid

**Quantity Within Each Unit Package:**

8.000 pounds

**Viscosity At Rated Temp:**

30000.00 77 degrees fahrenheit

**Reference Number Differentiating Characteristics:**

As differentiated by viscosity at rated temp, quantity within each unit package and unit package type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A41600
