Basic Ingredient:

Silicone fluid

Quantity Within Each Unit Package:

8.000 pounds

Viscosity At Rated Temp:

30000.00 77 degrees fahrenheit

Reference Number Differentiating Characteristics:

As differentiated by viscosity at rated temp, quantity within each unit package and unit package type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
