General Purpose Grease - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9150-01-086-1989

# Maximum Operating Temp:

250.0 degrees fahrenheit

## **Physical Form:**

Any acceptable

# **Basic Ingredient:**

Lithium soap

#### Service Characteristics:

Extreme pressure and corrosion resistive and oxidation resistant

## **Quantity Within Each Unit Package:**

120.000 pounds

#### **Effective Tempurature Range Rating:**

-30.0/+350.0 degrees fahrenheit

#### **Special Features:**

Color dark green good for heavy duty industrial use, may be applied by grease gun or centralized system

#### Shelf Life:

N/a

# Unit Of Measure:

Demilitarization:

# No
