Basic Ingredient:

Additives and mineral oil

Quantity Within Each Unit Package:

1.000 quarts

Viscosity At Rated Temp:

7.00 min centistokes at 212 degrees f

Maximum Pour Point:

-40.0 degrees celsius

Minimum Flash Point And Test Method:

175.0 degrees celsius cleveland open cup

Color:

Red

Supplementary Features:

For use in ford transmissions

Specification Data:

23040-esw--2c33-f manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
