Molybdenum Disulfide Grease - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9150-01-219-1629

Maximum Operating Temp:
250.0 degrees fahrenheit
Basic Ingredient:
Disulfide and gelling agent and liquid lubricant diester
Service Characteristics:
Corrosion resistive and low evaporation and oxidation resistant and water resistant
Quantity Within Each Unit Package:
20.000 kilograms
Minimum Dropping Point:
329.0 degrees fahrenheit
Effective Tempurature Range Rating:
-100.0/+250.0 degrees fahrenheit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A41600
Mil-std (military Standard):

Mil-g-21164 spec.
