Special Features:

Synthetic hydrocarbon and organic compound blend; negligible solubility in water; 0.830-0.850 specific gravity (h₂O = 1); negligible vapor pressure (mmhg) at 20 degrees c; 0 pct volatility at 70 degrees f; straw color; bland odor; 475 degrees f flash point; 770 degrees f autoignition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
