Maximum Operating Temp:

450.0 degrees fahrenheit

End Application:

Light armoured vehicle (lav recce)

Effective Temperature Range Rating:

-100.0/+450.0 degrees fahrenheit

Special Features:

Same physical properties as tribolube-2 but w/ extreme pressure additive to enhance pressure and antiwear properties

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
