Product Name:

Hydraulic fluid level monitor

Special Features:

The hflm monitors the hydraulic fluid level for intended aircraft; dc input voltage is 16-29 vdc; connector m38999/20wc35sn mates with m38999/26wc35pn; power consumption is 5 watts max; weighs approx 1.5lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
