| Maximum Operating Temp:                                 |
|---|
| 284.0 degrees fahrenheit                                |
| End Application:  |
| Lads (cls)  |
| Service Characteristics:                                |
| Extreme pressure  |
| Grease Type:  |
| Chassis and wheel bearing                               |
| Product Name:   |
| High-performance lithium-thickened grease               |
| Special Features:                                       |
| Lithium-complex grease; moly additive; gray-black color |
| Supplementary Features:                                 |
| Cartridge for grease gun (14.1 oz)                      |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:  |
|   |
| Demilitarization:                                       |
| No  |
| Fiig:   |
| A41600  |
|   |
