End Application:

Water cooled 2 cycle outboards and other 2 cycle engines that specify tcw3, api tc, jaso fb certified oils

Fatty Material Type:

Synthetic oil

Basic Ingredient:

Petroleum oil

Lubricant Type:

Universal

Service Characteristics:

Detergent

Quantity Within Each Unit Package:

12.000 quarts

Special Features:

Protects against wear with premium lubricity and is approved for premix and oil injection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
