**End Application:**

Water cooled 2 cycle outboards and other 2 cycle engines that specify tcw3, api tc, jaso fb certified oils

**Fatty Material Type:**

Synthetic oil

**Basic Ingredient:**

Petroleum oil

**Lubricant Type:**

Universal

**Service Characteristics:**

Detergent

**Quantity Within Each Unit Package:**

12.000 quarts

**Special Features:**

Protects against wear with premium lubricity and is approved for premix and oil injection

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A41600
