End Application:

Us army stryker combat vehicle

Minimum Flash Point And Test Method:

235.0 degrees celsius cleveland open cup

Product Name:

Bp autran tes 295

Special Features:

Us army stryker combat vehicle cannot use dexron vi automatic transmission fluid. This is alternate for stryker use. Red liquid with ild odor.

Color:

Red

Supplementary Features:

Brookfield viscosity (cp) -10'c=425. May cause allergic skin reaction. Store in cool well ventilated area.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
