End Application:

Navy code 00615b233

Basic Ingredient:

Additives

Service Characteristics:

Corrosion resistive and high temperature

Effective Temperature Range Rating:

-33.0/+500.0 degrees fahrenheit

Product Name:

Hi-temp anticorrosion grease

Special Features:

Iso grade of base oil, 220

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
